

# Fresh HIGH TEA

CATERING & EVENTS

The key to a great event is detail, we make it our job to attend to every detail so that the end result is seamless & magnificent.

Our afternoon teas are a specialty. A variety of delicious hand crafted food that is delicious, amazing to share, with a nod to the traditions of the afternoon teas of old.

*We provide a Gluten Free High Tea that is simply stunning.*

Within this brochure you will find two menus - one that is traditional with finger tea sandwiches 'no crusts' and the other that is gluten free using delicious gluten free bagels to emulate that part of the tea menu.

There are a variety of options for where and how these packages are served. Coffee and tea can be supplied on location, or if you choose to dine at one of our cafes then they can be accompanied by unlimited Allpress Espresso coffee and tea.

And if you require staffed service at a location of your choice, we can provide full wait service with an alcohol license, to bring that extra special high class element to your event.

*Please let us know how we can serve you.*
